- Smart board and more book in library
- More computer
- Regular class
- Books for library, computer, microscope with camera.
- ICT enable classroom.
- Teachers are very helpful
- Computer and projector

Conclusion:

63 responses are recorded from this survey.98.4% students confirm that the deparment covers more than 80% of the syllabus and the laboratory is well equipped meeting the curricular requirements. All the respondents ensure that the department conducts educational excursions/field visits as per syllabus and students get access to the seminar library. 100% of the respondents feel that the internal evaluation process is fair and the departmental teachers support expansion of their mental horizon and development of character by encouraging their participation in extra-curricular activities. All the participants make it clear through their responses that the teachers help the students to form clear understanding of the concepts with suitable examples and applications.The survey indicates students are satisfied with the department.However the department acknowledges the suggestions given by the students for its further development like arranging ICT enabled classrooms with smart boards,projectors,microscopes with camera,more specimens and some more books in the departmental library.
