9. How far do you consider your internal evaluation process to be fair?

2 responses

### Observations

Two students from 3<sup>rd</sup> Semester of Food & Nutrition general responded.

Their College Roll no:3200076, 3200009.

From the above report, it was concluded that above 85% of the syllabus was covered in their last semester by using ICT tools.

50% of students are happy with their departmental laboratory infrastructure.

Students are satisfied with the illustration of concepts through examples & applications.

They are happy with the behaviour of faculty and staff. they consider that their internal evaluation process is usually fair.

Due to the lockdown for corona crises their laboratory work was hampered particularly. So, one student requested to take their practical classes once again & one requested to take more class test for improving academic activity of the Department.
