10. **TEACHING EXPERIENCE** : 22+ years.

11. **DISCHARGING RESPONSIBILITY AS HOD**

Joined this College on 28<sup>th</sup> march ,2001 and assumed charge as the Head of the Department since then. As H.O.D, it is the primary responsibility to distribute the prescribed syllabus for different semesters of Honours and General courses among departmental faculties as per their choice. Emphasis is placed on enacting a teaching plan for each Semester at the beginning of each academic session. The main focus is on the inculcation of knowledge to all the students irrespective of their ability. In this goal the department has a mentoring system whereby progression of students is analysed at regular intervals either through class tests, oral examinations. Moreover, their academic results are also analysed based on interaction and students are advised as necessary to improve their capability.

Both Honours and General students are provided with books and journals from the College Central library. Personal contribution from faculty members have also strengthened and enriched the library resources. The Departmental also has a plan to open a seminal library in the near future.

Parallel emphasis is also placed on the co-curricular activities. Under direct supervision of HOD students have been encouraged to present research papers in students' seminars, publish wall magazines, undertake tutorial project reports, and participate in intra and inter departmental debates and discussions organized from time to time.

Under the initiative of HOD and with the help of faculty members, the Department has organized UGC sponsored seminars, special lectures by eminent academicians from time to time. In order to make students aware with Intellectual Property Rights (IPR) and its various facets, the Department organized a seminar in 2019 in association with IQAC of the College. It has also participated in Faculty Exchange Programme with neighbouring Colleges.

In the event of the present pandemic situation of Covid-19, the students have been encouraged to utilize computer-based software application and, in this regard, online class lectures, assignments have been conducted through Google Classroom. Students have also organized webinars and presented their thoughts in such programmes.

Each faculty member in association with H.O.D have been working relentlessly to improve the infrastructure at desirable level in near future. I am grateful to each faculty member and administrative staff for their sincere effort in enhancing Departmental learning Resources.
