

**Mentor – Mentee Profile**  
**Department of Geography**  
**Dr. Kanailal Bhattacharyya College**

**Background of the Programme –**

A mentor mentee system is being managed by the department of Geography, whereby teachers of the department act as mentors. Each mentor is assigned a group of students as mentees. The students pursuing honours course have been divided in groups and assigned a mentor for each group. This work was solely done by the faculties of the department. The students pursuing general courses were divided into groups and assigned as mentees to the teachers by the college authority.

**Programme –**

- Under this system, the mentees are free to consult their respective mentors regarding the syllabi offered to them by the University.
- The mentees are also informed about the activities which are constantly pursued by the college.
- Information regarding academics other than the curriculum is also provided to the mentees on timely basis.
- Information about co-curricular activities are also disseminated by the mentors to their respective mentees.
- Any information and guidance pertaining to the college is also provided to the mentees.
- If the mentees face any other problems pertaining to academics and non academic issues, they consult their mentors and get the guidance.
- Proper guidance is given to the mentees by their mentors in order to pursue higher studies. Often information pertaining to further career options are also provided.
