MENTOR MENTEE REPORT 2020-2021

SL. NO	NAME OF THE MENTEE	YEAR/SEMESTER	ISSUES RAISED	ISSUES RESOLVED
1	SUSMITA BARIK	1 st Sem hors.	Problems regarding participation in online classes via smart phones.	Had a thorough discussion with all students about getting comfortable with online mode of learning.
2	TITLI ADITYA	1 st Sem hors.	Poor conceptual grasp of the subject.	The mentee was encouraged to study text-books instead of the tuition-notes; doubt-clearing sessions were organized.
3	SUKANYA DAS	1 st Sem hors.	Network Issues in remote places where the students reside.	One to one class over a phone call arranged. Study materials uploaded in google classroom on request.
4	RIMITA PAUL	1 st Sem hors.	Very much worried as practical classes are not being held in pandemic.	Details of the principles and methodologies of the practical experiments was explained to all the students. In addition, you-tube links were provided.
5.	SOUMYADIPTO DEY	1 st Sem hors.	Doubts on the mode of examination in pandemic.	Information based on the recent Government notification shared.
6	SNEHA MONDAL	1 st Sem hors.	Medium of instruction (English), is vaguely understood	Instructions given in easier bilingual medium; extra classes arranged.
7	SUSMITA BARIK	1 st Sem hors.	Difficulty in adopting writing skill in English	Partly resolved by guiding her to read more text books written in lucid English and try to solve question papers.
8	TRISHA DEY	5 th Sem hors.	Difficulty in understanding the numerical problems of the course.	More numerical problems in Bio-stat paper shared for practice. Extra classes taken for explaining the concept.
9	SUDIPTA DAS	1 st Sem hors.	Request for study material and old CU question papers.	Arranged and shared in google class room.
10	Megha Samanta	5 th Sem hors.	Query on DSE B1 experiments on sports physiology.	Doubt was clarified as much as possible using you tube videos.
11	RABIN BASKEY	1 st Sem hors.	The student had queries regarding marks-distribution in online examinations.	Doubt was clarified as clearly as possible.
