The quiz contest is excellent and helpful arrangements for us

I am Bilkish khatun .5sem student.It is awesome to have this type of competition. We all are stuck in house for this

It is a very good initiative to help our students back to the mean stream, but my suggestion is that, all questions

should not present on the screen at a time, because some groups (Semesters) take advantage of the availability

of questions on screen and get more time to answering the questions; that creates inequality among groups.

To overcome this problem, organiser should present questions one by one using a powerpoint presentation.

Thank you for considering me for asking my feedback on a quiz competition organised by the department of

geography Dr. Kanailala Bhattacharyya college.
