

Wall Magazine- Theme

A wall magazine has been published by our Department of Commerce on 17.12.2021 based on the theme '**Impact of COVID – 19 on Indian Economy**'. This wall magazine is consisted of six articles under six different titles. The article, '**COVID -19 in India**' briefly discusses the scenario of COVID -19 in India. The twin economic shocks i.e., the demand and supply side shocks by the pandemic has been depicted in '**COVID – 19 and Indian Economy**'. The annual growth rates of gross and net national income as well as real gross value added have been focused in '**COVID-19 and Its Impact on Indian Economic Growth**'. '**Impact of COVID -19 on Unemployment and Informal Sector**' has been discussed considering the monthly time series data on unemployment rate in India and shares of informal workers in different sectors. Another article has been written on the '**Impact of COVID -19 on Different Components of GDP**' such as consumption, government expenditure, capital formation etc. and the final article focused on the '**Policy Measures Adopted in India to Combat COVID -19 and Boost the Economy**'. Students of B. Com Semester V (Hons.) have actively participated in this programme and made this initiative a huge success by their cordial contribution in the different articles of this wall magazine.
