2020-2021 Fulbright-Nehru Academic and Professional Excellence Fellowships

The Fulbright-Nehru Academic and Professional Excellence Fellowships aim to provide Indian faculty, researchers, and professionals the opportunity to teach, conduct research, or carry out a combination of teaching and research at a U.S. institution. Depending on the U.S. host institution, it is likely that the grantee may contribute towards developing curriculum and conducting workshops and seminars. These fellowships are for four to nine months. If you are applying for a Flex Award, the minimum length of the total grant is four months and the maximum is six months.

Applications are invited in the following fields only : Agricultural Sciences; Anthropology; Bioengineering; Climate Change Sciences; Computer Science (including, but not limited to, cyber security, digital economy, quantum computing, artificial intelligence, machine learning and big data analytics); Economics; Education Policy and Planning; Energy Studies; History; International Law; International Security and Strategic Studies; Materials Science (with emphasis on environmental applications); Mathematical Sciences; Neurosciences; Performing Arts; Physical Sciences; Public Health; Public Policy; Sociology; Urban and Regional Planning (with emphasis on smart cities and waste management); Visual Arts; and Women's and Gender Studies.

Research

Applicants must demonstrate the relevance of the proposed research to India and/or the U.S., its benefit to the applicant's institution, the feasibility of accomplishing the research goal within the stipulated period, and the need to carry out the research in the U.S.

Teaching

Indian academics and professionals contribute to the internationalization of the curriculum at their U.S. host institutions and the understanding of recent developments not just in India but globally. The recipient will be affiliated as a visiting scholar at a U.S. institution, and will teach courses individually or team-teach.

Teaching applications are especially welcome.

Research and Teaching

Applicants will carry out a combination of research and teaching activities at the U.S. host institution. They must specify the percentage of the grant for each activity and define this in the project statement. For instance, if you plan to spend 60 percent of your grant duration for research and 40 percent for teaching, your project statement should demonstrate this allocation. Teaching could include courses (individually or team-taught) or a series of seminars at the U.S. institution.

Flex Awards

Flex Awards are designed for scholars who require multiple visits to the U.S. and for those who find it difficult to leave their home institutions during the academic year. This option allows grants to be conducted over short segments, preferably during the fall and/or spring semesters. Interested applicants should clearly indicate plans for Flex in their project statement, including a project timeline.

Seminar On

"Forest and Wildlife in India: Ecological Perspective"

Speaker: Prof. Susanta Kumar Chakraborty,
Department Of Zoology, Vidyasagar University

Date: 23.04.2022

Venue: College Auditorium

Time: 12 Noon

Forests serve as a natural habitat for wildlife and a wide variety of plants. India is not only famous for its architecture and cultural values but also for its diverse wildlife and dense forest cover. Forests are among the most species-rich environments on earth, making them critical reservoirs for many groups of living organisms ranging from vertebrates to microbes. India is one of the ten most forest-rich countries in the world with a sum cover assessed at 21.05% of the country's geographical area. More than 45,000 floral and 81,000 faunal species are found in forest. The nation has 691 protected areas comprising of 528 wildlife sanctuaries, 102 national parks, 57 conservation reserves and 4 community reserves.

Major types of forests are tropical evergreen forests, tropical deciduous forests, tropical thorn forests, montane forests and mangrove forests in India. The range of these forests is very vast, extending from the rain forests of Kerala in the South to the Alpine Pastures of Ladakh, from the desert of Rajasthan in the West to the evergreen forest in the North-East. Forests are very useful for maintaining the ecosystem. They help to modify the local climate, control soil erosion, regulate stream flow, support wood-based industries, support the livelihood of many communities. They also reduce the force of wind and thus reduce the effect of storms, maintain temperature and cause rainfall. They provide humus to the soil and shelter to wildlife thus preserving bio-diversity. India's rich and diverse wildlife is also preserved in its vast forest expanse. Bengal tigers, deers, pythons, wolves, foxes, bears, crocodiles, camels, monkeys, snakes, the mighty Asian elephant and variety of other species are found in this nation. Around 172 or 2.9% of the endangered species including the Snow leopard, the Indian white-rumped vulture etc which are on the edge of extinction, are still found in the country. The varied and rich wildlife of India has a profound impact on the region's popular culture. There is an intrinsic relationship between organisms and their habitats, which is one reason environmentalists are deeply concerned about the destruction of habitats, such as deforestation.

Poem By The Student

**Earth Day & Covid-19 Awareness Programme
online through Poems**

করোনা তুমি কেনো এলেছ এই পৃথিবীতে।
তোমার জন্য বিশ্ববাসীর দুঃ গিয়েছে ভেঙে।।
করোনা তুমি কেড়ে নিয়েছ সবার শান্তি সুখ।
তোমার জন্য কত ভাবগভীর হয়েছে চোখ বুজ।।
করোনা আজ তোমার জন্য হয়েছে কাজার বন্ধ সব।
স্কুল, কলেজ, বাস্ক রো আরেই... হয়েছে আমাদের প্রিয় বেলুর মঠ।।
চাল নেই, ডাল নেই, নেই তরি তরকারি।
ধনী গরীব একসাথে আজ হয়েছে যে ভিখারী।।
করোনার ভরে আমরা সবাই বাড়িতে আছি বসে।
কলকাতা শহর সুস্থ হওয়ার এই অপেক্ষার পথে।।
ভয় পেওনা, চিন্তা করনা... করোনা না গো মুখ ভরা।
আমরাই বুঝতে পারবো এই লড়াই জয় করবার দ্বার।।
ব্যবহার হাত বৌদ্ধ, পা বৌদ্ধ, হাত পরিষ্কার ভাই।
আমরা যদি সবাই এক হই... কারো এই করোনা প্রতিরোধের উপায়।।
আবার শহর সুস্থ হোক... চলুক আবার যানবাহন।
মানুষের মুখে হাসি ফুটুক ...
জাতি, ধর্ম তফাৎ ভুলে।।
করোনা তুমি বিসার হও ...
নিরে সবার বেনা।।
বিগীন হয়ে যাক আকাশে...
এই করি ঈশ্বরের কাছে প্রার্থনা।।
