- Give more computers
- Give more library books for better learning experience, Thank you.
- Use of smart board in class
- Books for library, microscope with camera
- Computer
- Microscope with camera needed
- smart board,projecter facility is needed
- need more books for departmental library
- More Computer availability
- It would be better if we get a microscope with attached camera and more books in departmental library.
- Need more books in library.
- Take more class tests for better revision..
- Need projector
- 1.More books in library
- 2.Smart board
- 3.microscope with camera
- 4.ICT enable computer
- 5.Computer
- Digital board in classroom
- Smart board
- More books in library.
- More books in seminar library
- Books for library, Computer, microscope with camera.
- ICT enable classroom
- I think we need to keep more days for practical
- 1) Books for library.
- 2) Computer
- 3) Microscope with Camera.
- More books needed in Departmental library.
- Need Microscope With Attached Camera.. Thank You..
- Smart board and more book in library
- More computer
- Regular class
- Books for library, computer, microscope with camera.
- ICT enable classroom.
- Teachers are very helpful
- Computer and projector

Conclusion:

63 responses are recorded from this survey. 98.4% students confirm that the department covers more than 80% of the syllabus and the laboratory is well equipped meeting the curricular requirements. All the respondents ensure that the department conducts educational excursions/field visits as per syllabus and students get access to the seminar library. 100% of the respondents feel that the internal evaluation process is fair and the departmental teachers support expansion of their mental horizon and development of character by encouraging their participation in extra-curricular activities. All the participants make it clear through their responses that the teachers help the students to form clear understanding of the concepts with suitable examples and applications. The survey indicates students are satisfied with the department. However the department acknowledges the suggestions given by the students for its further development like arranging ICT enabled classrooms with smart boards, projectors, microscopes with camera, more specimens and some more books in the departmental library.

Feedback analysis:

The students have a positive opinion about syllabus covered in the last semester, excursion as per syllabus and use of ICT tools by the teachers. They are quite pleased with departmental library, laboratory infrastructure for their academic need. They seem to be satisfied with the support from faculty and staff. According to them, internal evaluation process is usually fair. However, a moderate rating was found on the teachers' encouragement in participating in extra- curricular activity. They suggested a few things for the improvement of academic activity in the department like use of LCD projector and to buy the necessary things for practical classes.

● Unfair

Observations

Two students from 3rd Semester of Food & Nutrition general responded.

Their College Roll no:3200076, 3200009.

From the above report, it was concluded that above 85% of the syllabus was covered in their last semester by using ICT tools.

50% of students are happy with their departmental laboratory infrastructure.

Students are satisfied with the illustration of concepts through examples & applications.

They are happy with the behaviour of faculty and staff. they consider that their internal evaluation process is usually fair.

Due to the lockdown for corona crises their laboratory work was hampered particularly. So, one student requested to take their practical classes once again & one requested to take more class test for improving academic activity of the Department.

9. Following are some suggestions put forwarded by students of Department of COMMERCE:

- Department needs an IT lab as well as a digital classroom.
- Need more study materials.
- Most of the students wish to come to the college and do classes regularly, whereas some students suggested that classes should be done offline as well as online.
- Need more practice tests.
- Need more seminars.
- Need more current edition books in College Library.
- Need extra classes daily.

REPORT OF STUDENTS FEEDBACK.
DEPARTMENT OF POLITICAL SCIENCE.

Total No of students in Sem 3 is 33 out of which 42.2% students responded to the feedback process.

Total No of students in Sem 5 is 40 out of which 56.3% students responded to the feedback.

The students were asked the following questions:

1.

1. From the response it is clear that the students are satisfied with the teaching plan prepared by the faculties at the beginning of each academic session. 96.9% have responded positively to this question. The department adheres to the prescribed syllabus offered by University of Calcutta

and informs its students the course and programme specific outcomes of each paper and the modules.

2,

2.The students have responded positively to this question where 46.3% have termed the method of dissemination of knowledge as excellent,39.1% termed it very good and 10.9% felt it was good enough for them to grasp the content of the syllabus.

3.The faculties of the department are continuously trying to provide information and are sincere enough to complete the syllabus within time. 62.5% have responded saying that 90%-100% syllabus is completed on time before the end semester examinations. 28.1% feel that at least 75%

to 89% syllabus is completed in each course and module while only 9.4% feel that 50%-75% is completed within stipulated time.

4

4. The faculties use various innovative methods for imparting knowledge like interactive discussion with students, ppt presentation and also use of the various study materials available in academic websites. This has been widely praised by the students as evident in the responses where 51.6% have termed it excellent, 34.4% feel it very good and 10.9% feel it is good for them to get hold of the meaning of the topics.

5

Does the teacher assess your understanding of a topic at regular intervals? (পাঠ্যসূচীর কোন বিষয় পড়ানোর পর তা পর্যালোচনা করা হয় কি?)

64 responses

5. All the faculties organize doubt-clearing classes after the completion of every topic where students ask questions pertaining to the topic and also model answers are provided to the slow learners.

6. The Teachers identify your strengths and weaknesses and provide right level of knowledge and also suggest measures to overcome the weaknesses. (অধ্যাপক-অধ্যাপিকারা তোমার দক্ষতা এবং দুর্বলতা চিহ্নিত করে সেই অনুযায়ী পড়ান ও দুর্বলতা দূর করার জন্য সাহায্য করেন)

6. The department conducts regular meeting with students and identify the strength and weaknesses and conduct special class for them based on their need. The students have benefitted from the system as is evident in their responses where 59.7% have said that it is held regularly, 27.4% have said that it is usually done after each semester results and 9.7% have said that it is done sometimes.

7. The teachers make a thorough analysis of the results of students and identify the strength and weaknesses of students and conduct special remedial classes for them. Their progression rate is also analyzed and discussed through parent teacher meeting after the publication of C.U results.

Based on the response it can be inferred that majority of the students are aware of these programmes which are done on a regular basis.

8. All the faculties use ICT enabled tools like Google meet and Google Classrooms to deliver their lecture and relevant study materials. This has greatly benefitted the students especially during the lockdown period due to pandemic of covid-19. Students living in remote areas could avail these materials and appeared in university exams. It also benefitted the economically backward sections who could not buy books during this period.

9. The department organizes several programmes throughout the year like students seminar/webinars, debates etc and encourage student participation. 89.1% students have responded which implies that they actively participate in such programmes.

10. Based on the suggestions received from the students it can be inferred that the overall performance of the department with respect to academic and cocurricular activities is satisfactory. However, there is a demand for ICT enabled smart classrooms and a departmental seminar library from the students. Some have also suggested for the increase of copies of available text and reference books in the library along with journals. The department would look into these suggestions and do the needful.

Department of English

Students' Feedback Analyses- 2021-22.

ENGA SEMESTER III and ENGA SEMESTER V

A REPORT ON THE SURVEY ON STUDENTS REGARDING ENGLISH/WORLD LITERATURES IN ENGLISH

PREPARED BY- Prof. Swati Mustaphi (HoD)

How much of the syllabus in English is covered in class?

28 responses

How well were the teachers able to communicate?

28 responses

Fairness of the internal evaluation process by the teachers

28 responses

The teachers use student centric methods such as participative learning (examples students' webinars, class discussions) for enhancing learning experiences

28 responses

Have you been taught to write academic papers as in term papers and projects?

28 responses

Teachers inform you about your expected competencies, course outcomes and programme outcomes

28 responses

Was your performance in assignments discussed with you?

28 responses

B. Write down your suggestions for the improvement of the infrastructure of the department (books, computers and number of permanent faculty) 28 responses

Books

More smart classes

Proper Offline classes and communication with teachers will be really effective
 Smart classes and easy access to online essays
 number of permanent faculty
 I have no suggestions. All infrastructures are good.
 Our department is so good. My teachers are always communicated with me. They always guide me about my studies.
 Very good. Satisfied.
 In my opinion needn't any improvement
 Nothing
 We need more smart classes for our development and more books in library for study materials.
 Smart class
 Books.
 It will be helpful to us if the teacher provides study material in class.
 It will be helpful to us if the teachers provide study material in class.
 It will be helpful to us if the teachers provide us study material in class
 The college should make arrangements to keep more books in the library
 Computers
 All study materials which are needed already provided to me by our professors. I don't need anything as of now.
 It's good and teachers are very helpful
 No need
 I need more books in library to help for study
 Number of permanent faculty
 We need a smart classroom.
 Maybe access to smart class as well

OBSERVATIONS:

From the pie-diagrams charted above, it is evident that the students are satisfied with the teaching-learning processes followed by the faculty of the Department of English. The students seem to have engaged themselves in participatory learning and experiential learning while understanding the interdisciplinarity of language, literature and culture. The students have appreciated the method followed while they have been taught in class and an evaluative method followed simultaneously. The students' feedback indicate their quest for more knowledge in an inter-disciplinary subject like English/World Literature as they have expressed their requirement for more e-books, e-journals, smart classes and resource persons/ permanent faculty.
