

PROGRAMME OUTCOMES / DEPT. OF HISTORY / 1+1+1 SYSTEM & CBCS.

1. Critical Thinking : Both the old and the new curriculum were and are aimed at primarily to grow and nurture critical thinking among the students. Emphasis on multiple interpretation of historical events, encourages to look at both past and present critically. This critical approach prompts the students to form their own independent opinion.
2. Global Vision : The programmes , particularly the current CBCS one, has broadened the horizon of historical knowledge, by including study of history of the countries, hitherto not included in the syllabus. In this globalised world, one needs to stay connect with past legacies of the countries in different continent.
3. Social Awareness : The study of History creates social awareness. With critical knowledge of the past, one can judge various traditions, social customs, values and ideas much better and in a positive way.
4. Idea of a Nation : The concerned programme, by way of giving opportunities to study not only our own nation building processes, but also those of the nations beyond our border, helps to understand various roots of Nationalism. This, in its turn , helps the students to contribute in nation building.
5. Effective Citizenship : Only proper knowledge and awareness of our country's History prepare us to be an Effective Citizen. Orientation of the concerned syllabus serves this purpose.
6. Environmental Awareness : Welcome inclusion of a Module on Environment in the current CBCS syllabus, will help the students to become aware of a burning Global issue of abuse of Environment. This is highly relevant in this present Pandemic situation.
