Bore well

This Bore well pump was constructed in the year 2019 inside the college premises, of our science block. The main purpose behind the construction of the well was to fulfil the demands of water crisis. In the local areas, there is a huge crisis of water availability and so is it in the college premises. To fulfil the demands of water crisis, this well was eventually established. This well was also built to fulfil the needs of using water for carrying out chemical experiments in the science laboratories.
