## CRITERIA 4.2

Dr. Kanailal Bhattacharyya College institutional library has started its journey in the year 1985 with a single almirah and a single room headed by a single staff with twenty five books only. Number of books and almiras increased day by day. Institutional library got its full shape in the year 2002 after inauguration of new building dedicated for library. At present we have almost eighty almiras and total collection of books are almost fifteen thousand. Departmental teachers update their subjective reference list as per University Of Calcutta syllabus regularly. Purchase of new books is a very regular academic system. Library in charge and other trained technical staffs tries their best to shelve those newly purchased books as per UDC( Universal Decimal Classification). Shelving of books and arrangements of almirah in our central library is as per UDC. We tries our best to keep the proper library science system. To upgrade our library system we usually like to take expert opinion from the stalwart of field of library and Information science. Institutional faculty members have very much regular visit to the central library. Central library always tries to upgrade the system as per their suggestions too.

We make our system more easier for the students by which they can easily borrow and study books in our library. We keep the library open from 10.00 A.M to 5.00 P.M for the students. Students can issue three books at a time for their home and they have a open access for study in library.

Till September,2019 our library system was offline only but as per the opinion of library expert Dr. Chaitali Dutta,we started our upgradation work to OPAC system.

From November 2019 onwards our Library system is upgraded with library supported software *Koha*. By upgradation of this system we are able to globalise our library collection as we keep our system open to all till date. Users from all over the world can search our library collection by surfing our URL but users have to visit our central library to read. Now our whole college is facilitated with library QR Code by which students can get direct access to the Library. Library URL is also linked with college website. We arranged online & offline both type of workshops to update our students, staffs & teachers about the operation of the newly installed OPAC system.
